Installation and adjustment

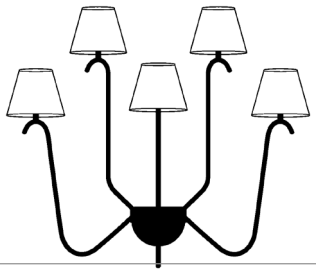

MOUNT AND CONNECT

A qualified electrician must isolate the supply, mount the backplate and complete the connection.

ADJUST THE ARMS

Gently position each adjustable arm to create a narrow or fanned silhouette, then tighten the rear adjustment screws.

FIT SHADES AND BULBS

Secure the linen shades and fit E14 screw bulbs with a maximum rating of 6W.

ELECTRICAL SAFETY

Isolate the supply before installation, adjustment, bulb replacement or cleaning. Keep water and flammable materials away from the fitting.

CARE

Allow bulbs to cool, then dust with a soft, dry cloth. Avoid abrasive cleaners, solvents and excessive moisture.
