### SAFETY INSTRUCTIONS

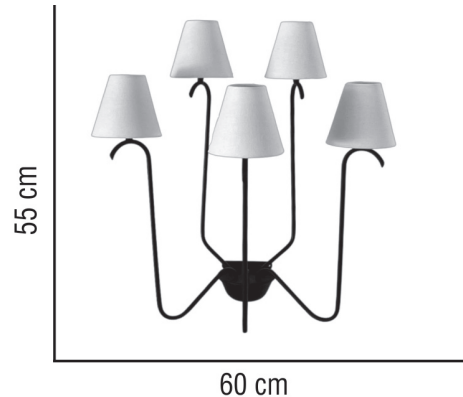

At East Wing Studio, we believe your safety is paramount and should not be compromised in any way. That's why we recommend the following safety precautions.

- Keep flammable materials and water away from your light fitting
- Do not cover your light fittings and bulbs with any other fabrics or materials other than the custom shades provided.
- This wall light is an Electrical device, please keep away from children.

### CARE & CLEANING

You should periodically clean the Bellamy Wall Light using a mild non-abrasive cleaner and a soft cloth. When cleaning, ensure you have switched off the light. All moisture should be properly dried before restoring power.

### DIMENSIONAL IMAGE

### ASSEMBLY INSTRUCTIONS

The Bellamy Wall Light has 5 adjustable arms that can create a narrow frame or be fanned out for maximum width.

**Prior** to having to your light installed by a qualified Electrician we recommend you adjust the arms at the back of the light fitting to suit your preference. Each arm is adjustable with a screw at the back that can be tightened to hold the arm in its desired place.
